Creationism vs. Evolution

What is the significance and meaning of God's creation plan?

Genesis 1:1 In the beginning God created the heaven (sky) and the earth.

It is only through creation and not by means of evolution that people can be "created in the image of God" therefore creation is the very heart of the plan of God.

Genesis 1:27 So God created man in His own image ...

Either people are created and are therefore in the image of God making us capable of fellowship and able to have a relationship with God or we are involved in some random evolution process in a random universe that is without meaning and ultimately is totally meaningless.

Revelation 14:6-7 And I saw another angel fly in the midst of heaven, having the everlasting gospel to preach unto them that dwell on the earth, and to every nation, and kindred, and tongue, and people, saying with a loud voice, "Fear God, and give glory to Him; for the hour of His judgment is come: and worship Him that made (created) heaven, and earth ..."

Anthropic Principal - Intelligent Design - Creation - Young Earth

Genesis 2:1-3 Thus the heavens and the earth were finished, and all the host of them. And on the seventh day God ended His work which He had made; and He rested on the seventh day from all His work which He had made. And God blessed the seventh day, and sanctified it: because that in it He had rested from all His work which God created and made.

Commandment #3: Exodus 20:8-11 Remember the sabbath (rest) day, to keep it holy. Six days shalt thou labour, and do all thy work: But the seventh day is the sabbath of the LORD thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates: For in six days the LORD made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the LORD blessed the sabbath day, and hallowed it.

Anthropic principal is a scientific principal that the universe exists in a well thought out and precisely created plan, specifically to sustain human life. For instance, the fact that if the earth were 1% closer to the sun the earth would heat up, bubble and boil and would not sustain human life. Likewise if the earth were 1% farther from the sun it would be too cold and would not sustain human life. There are thousands of factors that are precision tuned in our universe to sustain human life here on earth. Correct gravity ratio, oxygen content, mineral content, water to land ratio etc.. The fact that water, when it freezes into ice expands and remains on top instead of contracting like most other materials, therefore ice remains on top of water instead of collapsing down and killing the aquatic life. Water freezing and expanding, becoming ice, is a design to facilitate aquatic and human life. It is a design from God not a circumstance from chance or fate of evolution.

We do not have epidemics of germs and viruses that could easily wipe out all human life; instead we have the opposite of a random system we exist in a designed system of controls, checks and balances. The smaller food for larger animals reproduces more frequently and more abundantly keeping a constant food supply available for the larger animals. This Anthropic design is evident in every element of existence, completely eliminating chance or random evolution.

How could a male and female evolve separately and still be compatible to create offspring? How can the more complicated eye and brain develop prior to wings, beaks and claws? Instead it all had to come together at the same time, this is creation.

Some people say, well the universe could be random, it could be chance, it could be evolution, but it is not! So to deal with the environment that we currently exist in, we have to deal with reality. Reality is that we exist in a complex delicate environment, one that testifies of an intelligent creator, God, and one that also testifies of sin and of man's disobedience to God.
